

# ERIS 2009 Accomodation Booking Form

The European Radio Interferometry School, Oxford, 7 - 11 September 2009

Please get your institute to support you, if possible. There are limited RadioNet funds available to cover the cost of a Basic room, for up to 5 nights, at £41.55 per night. If you have a more expensive room you will probably have to pay the difference even if RadioNet is paying the basic cost. Extra nights would be at your own expense (and the same room may not be available).

Please choose one of the following:

**My Institute will pay all my accomodation expenses** .....

**I request support from RadioNet** .....

**I am asking my Insititute but I may need support from RadioNet** .....

Please give for 1st and 2nd choices. Amount may be zero if you are in a Basic room, supported by RadioNet. The Basic rate for 5 nights is £207.75

We need a credit card number from *everyone* (even if you are asking for RadioNet support) as a guarantee of attendance (so please let us know immediately if you cannot come; you will be charged if you cancel after 7 August except in an emergency).
